3. COMPOSITION/INFORMATION ON INGREDIENTS				
	Material name	Usual name	CAS No.	Amount (%)
Glycerin		GLYCEROL	56-81-5	40 ~ 60

	4. FIRST AID MEASURES
Eye contact	Take medical action immediately.
	Immediately rinse skin and eyes thoroughly with plenty of running
	water for at least 20 minutes.
Skin contact	Take medical action immediately.
	Immediately rinse skin and eyes thoroughly with plenty of running water for at least 20 minutes.
	Remove contaminated clothes and shoes and isolate contaminated area
	Completely wash clothes and shoes before reuse
Inhalation	Remove to fresh air
	CPR when there is no breathing
	Provide Oxygen when breathing is difficult
	Take medical action immediately.
Ingestion	Do not provide any food for unconscious person
Note to physicians	Take protective action according to the material
	Do not inject adrenalin
5.	FIRE FIGHTING MEASURES
Proper (improper) fire extinguishing agents	Small fire: dry sand, dry chemical, alcohol-resistant foam, water spray, regular foam,
	CO ₂ (suitable extinguishing agent)
	Large fires: water spray / mist, regular foam (suitable extinguishing agent)
	High pressure water (improper extinguishing agent)
Specific hazards from chemical compounds	Can be ignited by heat, spark, flame
	Container may explode on heating
	Some can ride, but not easily ignite
	May cause irritation and poisonous gas in case of fire
	Inhalation of the substance may be harmful
	Some fluids may cause dizziness, suffocation-inducing vapors
Protective equipment and precautions for fire fighting	
Glycerin	No information available
•

6. ACC	IDENTAL RELEASE MEASURES
6. ACC Personal precautions, protective	IDENTAL RELEASE MEASURES Micro particles can ignite fire or explosion therefore remove all the sources of fire.
6. ACC	
6. ACC Personal precautions, protective	Micro particles can ignite fire or explosion therefore remove all the sources of fire.
6. ACC Personal precautions, protective	Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous
6. ACC Personal precautions, protective	Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous Give attention to materials and conditions that should be avoid Do not enter the space without proper respirator or respirator until proper air (oxygen
6. ACC Personal precautions, protective equipment and emergency procedures	Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous Give attention to materials and conditions that should be avoid Do not enter the space without proper respirator or respirator until proper air (oxyger concentration 18 ~ 23.5%) is available.
6. ACC Personal precautions, protective equipment and emergency procedures Environmental precautions	 Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous Give attention to materials and conditions that should be avoid Do not enter the space without proper respirator or respirator until proper air (oxyger concentration 18 ~ 23.5%) is available. Prevent entry into waterways, sewers, basements, and confined spaces.
6. ACC Personal precautions, protective equipment and emergency procedures Environmental precautions	 Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous Give attention to materials and conditions that should be avoid Do not enter the space without proper respirator or respirator until proper air (oxyger concentration 18 ~ 23.5%) is available. Prevent entry into waterways, sewers, basements, and confined spaces. In case of small leakage, flush contaminated area with large amount of water In case of small leakage, absorb with sand and non-combustible material and place
6. ACC Personal precautions, protective equipment and emergency procedures Environmental precautions	 Micro particles can ignite fire or explosion therefore remove all the sources of fire. Stop leak if it is not dangerous Give attention to materials and conditions that should be avoid Do not enter the space without proper respirator or respirator until proper air (oxyger concentration 18 ~ 23.5%) is available. Prevent entry into waterways, sewers, basements, and confined spaces. In case of small leakage, flush contaminated area with large amount of water In case of small leakage, absorb with sand and non-combustible material and place in container.

7. HANDLING AND STORAGE	
Precautions for safe handling	Note the substances and conditions to avoid
	Wash thoroughly after handling
	Note the high temperature
	In case of material leakage, reduce the oxygen concentration in the air and cause suffocation in an enclosed space, so be careful not to spill
	Check the oxygen concentration before entering the place because there is a risk of loss of consciousness or death due to oxygen deficiency at high concentration in the air
	Keep this temperature below 20°C because this material evaporates slowly and reaches hazardous concentrations.
	Do not spray because it will evaporate faster if sprayed
Conditions for safe storage	Keep it tightly closed
	Store in a cool, dry place

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure standard of chemical compound, bio	ological exposure standard
Domestic regulations	
Glycerin	TWA - 10 mg/m ³
ACGIH regulation	
Glycerin	TWA - 10 mg/m 3
Biological release regulation	
Glycerin	No information applicable
Individual protection equipment	
Respiratory protection	
	Use respiratory protection equipment certified by Korea occupational safety and health agency in a release of gas/liquid according to their chemical physical properties.
	Use proper filter or half-circled respiratory protection cartridge equipment if the
	concentration of release material is lower than 100mg/m ³
	Use proper filter or loose-fitting respiratory protection cartridge equipment such as hood/helmet shape motor operated equipment or continuous flow protection mask if the concentration of release material is lower than 250mg/m ³
	Use proper filter or full face cartridge or motor operated half-circled equipment or half circled continuous flow air supply respiratory protection equipment if the concentration of release material is lower than 500mg/m ³
	Use proper filter or full faced respiratory protection cartridge equipment or hood/helmet type, pressurized mask if the concentration of release material is lower than 10000mg/m ³
	Use proper filter or auto air supply (SCBA) equipment or pressurized auto air supply (SCBA) respiratory protection equipment if the concentration of release material is lower than 100000mg/m ³
Eye protection	Use chemical protection glasses and safety glasses
	Install eyewash and emergency shower near work area
Hand protection	Wear suitable chemical resistant gloves
Body protection	Wear suitable chemical resistant clothing

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance
State
Color
Odor
Odor threshold
рН
Melting point/freezing point
Early boiling point and range
Flashing point

Liquid Dark color to yellow color Dull No information available Neutral 20 °C 171 °C 160 °C ((c.c.))

Evaporation rate	No information available	
Evaporation rate (solid/liquid)	Liquid	
Maximum / minimum evaporation or explosion range	19 / 2.7 %	
Steam pressure	0.0025 mmHg (at 50 °C)	
Solubility	water solubility :1000 g/L at 25 $^\circ\!\! C$ solvent solubility: alcohol, ethyl acetate, ether insolubility, benzene, chloroform, carbon tetrachloride, carbon disulfide, oil ether, oil	
Vapor density	3.1 ((air=1))	
Specific gravity	1.2613 ((water=1))	
n-octanol/ distribution coefficient	No information available	
Self-ignition temperature	370 °C	
Disassemble temperature	290 °C	
Viscosity	954 cP (at 25 C)	
Molecular weight	92.09	
10. STABILITY AND REACTIVITY		

10. STABILITY AND REACTIVITY		
Chemical stability and possibility of hazardous reactions		
Glycerin	No information available	
Situation to avoid		
Glycerin	No information available	
Materials to avoid		
Glycerin	No information available	
Harmful material produce by degradation		
Glycerin	No information available	

11. TOXIC	COLOGICAL	INFORMATION

Information on likely routes of exposure	
Glycerin	irritation, difficult to breathe, area, vomit, diarrhea, headache, dizziness, Sleep disorder, kidney problem, paralyzed
	Can absorb body by suction
	Can be absorbed by suction and extinguisher
	Through skin, digestive system, can absorb body by inhalation of aerosol
	Able to absorb body by suction of steam
	Can be absorbed by inhalation, skin and digestive system
Health maleficence information	
Acute poison	
Oral	
Glycerin	LD50 27200 mg/kg Rat (rat/LD50/12600mg/kg(IUCLID))
Ingestion	
Glycerin	LD50 > 10000 mg/kg Rat
Inhalation	
Glycerin	No information available
Skin corrosion or irritant agent	
Glycerin	No irritation on skin
Serious eye damage or irritation	
Glycerin	No irritation on eyes
Respiratory organ hypersensitiveness	
Glycerin	No information available
Skin hypersensitiveness	
Glycerin	No information available
Carcinogenic	
Occupational safety and health acts	
Glycerin	No information available
Employment announcement	
Glycerin	No information available

IARC	
Glycerin	No information available
OSHA	
Glycerin	No information available
ACGIH	
Glycerin	No information available
NTP	
Glycerin	No information available
EU CLP	
Glycerin	No information available
Germ cell mutagenicity	
Glycerin	Many color mammal red blood cell/negative
Reproduction toxicity test	
Glycerin	No information available
Special target poison (1 time exposer)	
Glycerin	No information available
Special target poison (long exposer)	
Glycerin	rat(inhale):1-4mg/l epiglottis epithelium
Absorption injurious	
Glycerin	No information available

12. ECOLOGICAL INFORMATION

Ecotoxicity

Ecotoxicity	
Fish	
Glycerin	LC50 5000 mg/ℓ 24 hr Carassius auratus
Crustacean	
Glycerin	EC50 > 10000 mg/ł 24 hr Daphnia magna (Daphnia magna EC50(24HR) 10000mg/L(US EPA ECOTOX); Daphnia magna EC50(24HR) >10000 mg/L (EU IUCLID))
Algae	
Glycerin	(LC50(96hr) 77712.039 mg/L)
Residual fungicide and resolvability	
Residual fungicide	
Glycerin	No information available
Resolvability	
Glycerin	No information available
Life enrichment	
Enrichment	
Glycerin	No expected life enrichment
Biodegradability	
Glycerin	63 (%) 14 day Fast biodegradability (OECD SIDS), 93% biodegradability in 30 days (OECD TG 301D) (IUCLID))
Soil	
Glycerin	No information available
Other harmful influences	
Glycerin	Environmental summary : No information on toxicity on aquatic organisms

13.	DISPOSAL CONSIDERATIONS
Waste treatment method	
Glycerin	No information available
Disposal considerations	
Glycerin	Dispose container and content according to the waster control act
14. TRANSPORT INFORMATION	
ΙΑΤΑ	
Propriety shipping name	
Glycerin	No dangerous good in sense of these transport regulations
Hazard class	
Glycerin	No information available
Subsidiary class	
Glycerin	No information available
Packing group	
Glycerin	No information available
UN-No	
Glycerin	No information available
Environmental hazards	
Glycerin	No information available
15. REGULATORY INFORMATION	
Regulations of occupational safety and health act	No information available
Glycerin	Exposure standard materials
Regulations of toxic chemicals regulation act	
Glycerin	No information available
Regulations of safety control of dangerous substances act	
Glycerin	4th class The third kind Petroleum(Receptivity) 4000 L
Regulations of waste control act	
Glycerin	Designated waste
Regulations of other domestic and international act	
Domestic act	
Persistent organic pollutants control act	
Glycerin	No information applicable
Foreign act	
American supervision information	
Glycerin	No information applicable
CERCLA	
Glycerin	No information applicable
EPCRA 302	No. 1. Constanting a second second
Glycerin	No information applicable
EPCRA 304	No information applicable
Glycerin	No information applicable
EPCRA 313	No information applicable
Glycerin	No information applicable
American supervision information (Rotterdam agreement material)	
Glycerin	No information applicable
American supervision information (Stockholm agreement material)	
Glycerin	No information applicable
American supervision information (Montreal protocol material)	

(Montreal protocol material)
